seating solutions for healing

9to5® seating

Perpetually Forward-Thinking

9to5 Seating is a vertically-integrated, privately owned company, founded in 2004, specializing in seating for healthcare, education and office environments. Our goal is to create seating solutions that accommodate the rigorous demands of these markets.

9to5 Seating presents an extensive collection of executive, task, guest, conference and lounge seating. Customization is an everyday demand that 9to5 Seating welcomes. The seats, controls, arms, chair adjustments, finishes and upholstery options are plentiful.

9to5 Seating combines its state-of-the-art, in-house manufacturing systems with a commitment to continuous improvements in all phases of the operation. With our manufacturing resources, we are confidently empowered to deliver products offered at unparalleled pricing, with quality built into every phase of manufacturing.

Healthcare-Friendly Seating

From single guest seats to lounge collections, discover a wide selection of healthcare appropriate seating and tables for lobbies, exam rooms, meetings rooms and beyond. All our seating is durable to withstand the demands of heavy traffic, and many of our models feature a clean-out space for easy maintenance.

Healthier Hospitals

Many 9to5 Seating chair models meet the Healthier Hospitals Safer Chemicals Challenge for Healthy Interiors Version 2.0 when conforming to the following configuration guidelines:

- Chair models must be manufactured utilizing any of the Heathier Hospitals compliant textiles.
- Products must not be ordered with CAL 133 option.
- Products must not be upholstered in any form of vinyl materials or use stain or water repellent treatments that contain PFC not meeting HH safer chemicals challenge version 2.0.

GREENGUARD

All 9to5 Seating products have met the rigorous standards that test for low emissions of volatile organic compounds (VOCs) into indoor air.

GREENGUARD Gold Certified

All our products (except Logic Plus) also meet the stricter GREENGUARD Gold certification which tests for additional chemicals and requires even lower emission levels for environments like schools and healthcare facilities.*

BIFMA LEVEL Certification

All 9to5 Seating products are LEVEL 1 certified.

High-Performance Textiles

9to5 Seating carries a full selection of textiles that are uniquely suited for high-traffic areas to keep mold, mildew and bacteria under control.*

*These chemicals include any of the 800+ chemicals that the California Office of Environmental Health Hazard Assessment (COEHHA) lists as a carcinogen or are a reproductive toxicant – including many common, everyday elements found in businesses of all kinds and sizes.
