WHERE FUN AND FUNCTION CONNECT

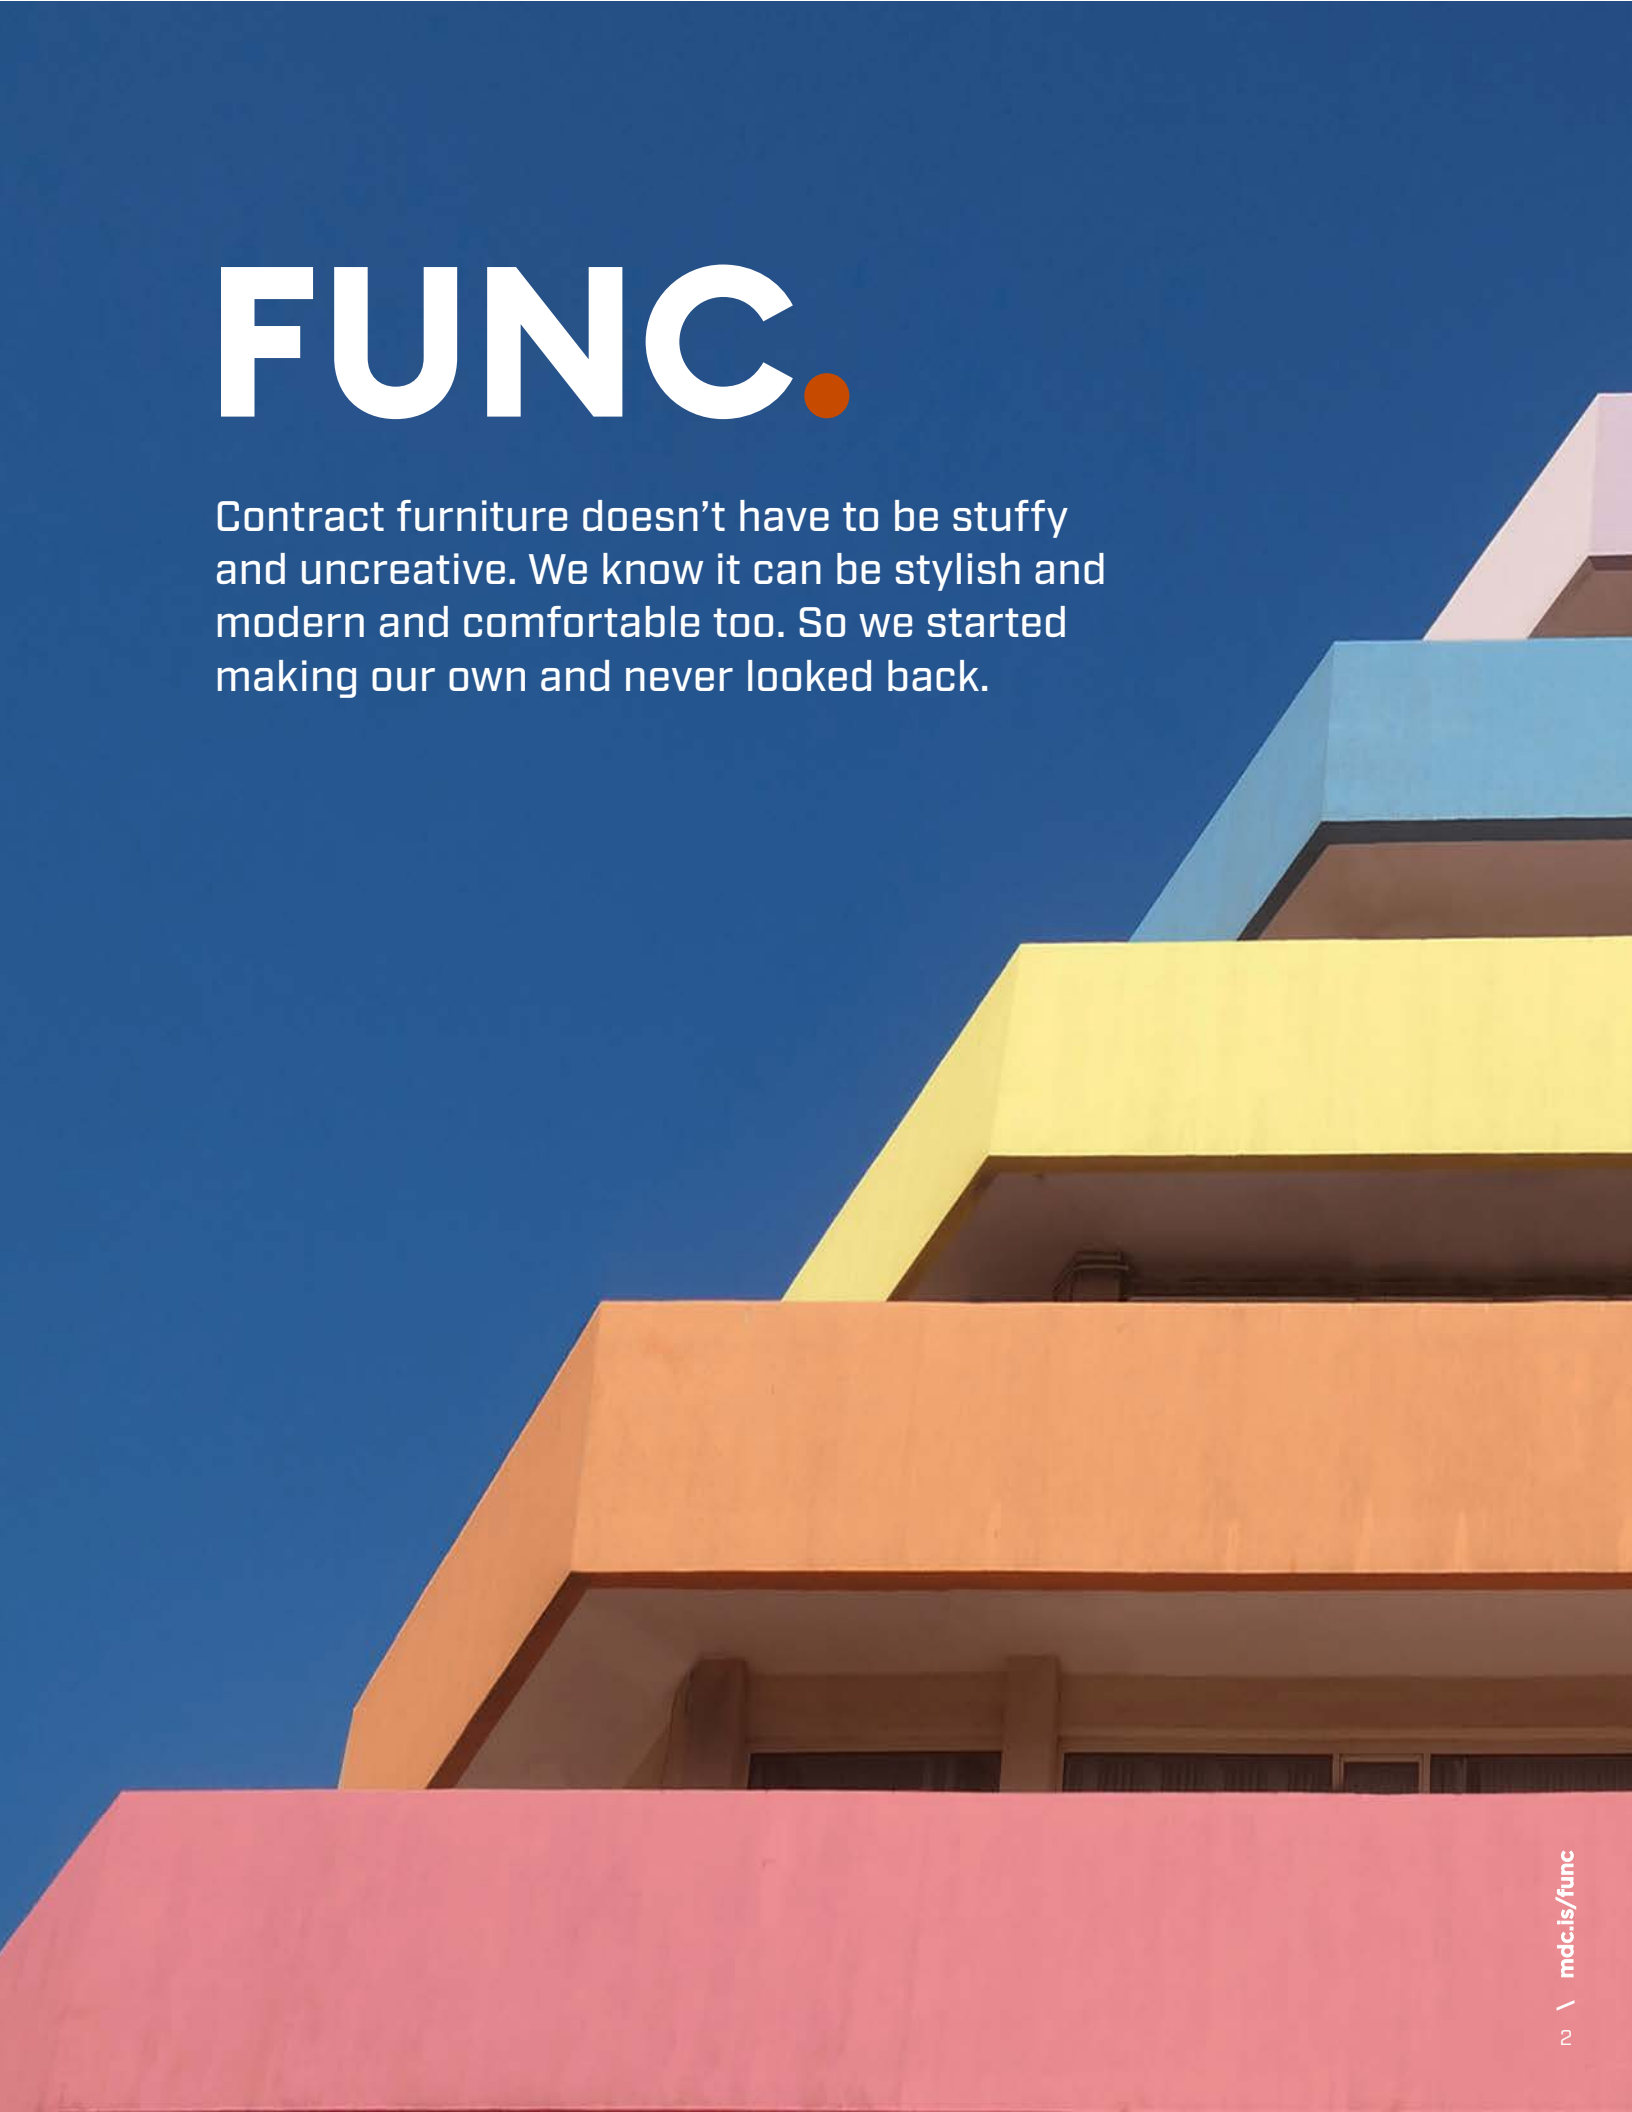

KAYA

SCREENS

FUNC.

Contract furniture doesn't have to be stuffy and uncreative. We know it can be stylish and modern and comfortable too. So we started making our own and never looked back.

FUNC. by MDC

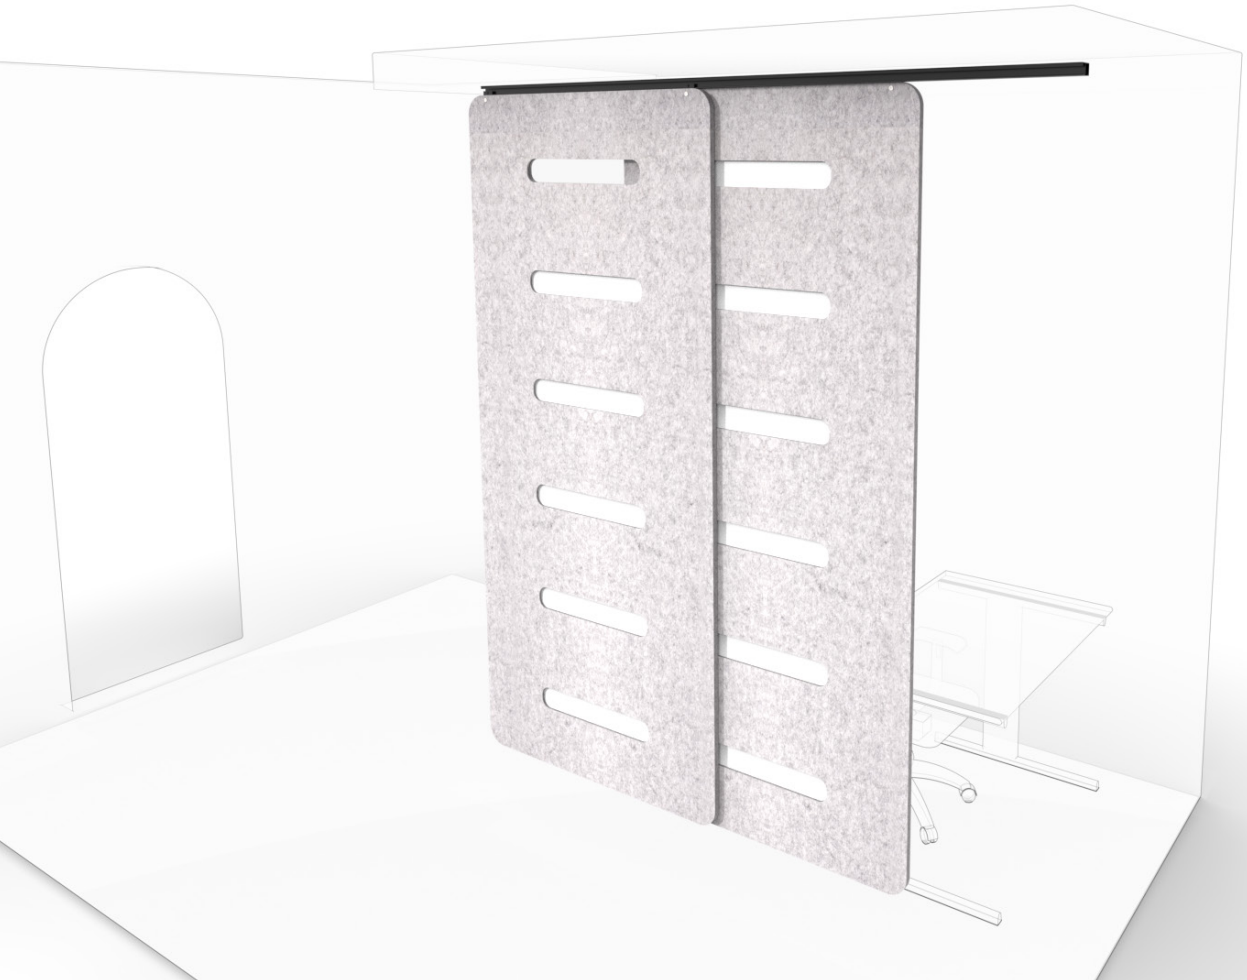

KAYA

User control over privacy and space division are incredibly important design attributes within the modern workplace. Kaya freestanding Screens, can be positioned quickly and easily to define and divide space in real-time. With a unique design, Kaya Screens reduce acoustic and visual distractions, while providing access to natural lighting. Designed to be universal, Kaya Screens compliment a wide range of environments without compromising functionality or performance.

DESIGNER PAUL JAMES

Paul James is an award winning designer and inventor with a reputation for both right and left-brain insight. He entered college to study engineering and emerged with degrees in math and economics. A graduate degree in industrial design lead to leadership positions for several A list furniture companies. In 2002 he opened his own consultancy in Minneapolis specializing in product design and new venture start-ups. His process is equal parts head and hand, CAD and crayon, coffee and cocktail. Whether designing furniture, outdoor gear, or parametric fabrication systems, James' mantra is reason in every function and art in every detail.

AVAILABLE COLORS AND FINISHES

Kaya Screens are constructed from the highest quality acrylic and polyethylene terephthalate or P.E.T. — an ideal material for reducing ambient noise and sound within noisy environments.

Kaya is available with your choice of Clear or Frosted acrylic inserts.
