YABBY

MOBILE MARKER SURFACE

FUNC.

Contract furniture doesn't have to be stuffy and uncreative. We know it can be stylish and modern and comfortable too. So we started making our own and never looked back.

YABBY

Yabby doesn't care if you're gabby. Noise reduction materials let you engage in your work while keeping environments still highly collaborative. Creation is the goal with the markable/erasable surfaces on each side of the mobile marker board, and an acoustic surface on the other side. We've got your needs covered on both sides. Functionality and utility are good to go too—a removable marker easel that turns into a bench for you to sit and write, integrated storage for markers and erasers, and two large drawers for whatever else you'll need. This is your place to create and share ideas, ready and accessible for making your magic.

DESIGNER PAUL JAMES

Paul James is an award winning designer and inventor with a reputation for both right and left-brain insight. He entered college to study engineering and emerged with degrees in math and economics. A graduate degree in industrial design lead to leadership positions for several A list furniture companies. In 2002 he opened his own consultancy in Minneapolis specializing in product design and new venture start-ups. His process is equal parts head and hand, CAD and crayon, coffee and cocktail. Whether designing furniture, outdoor gear, or parametric fabrication systems, James' mantra is reason in every function and art in every detail.

AVAILABLE COLORS AND FINISHES

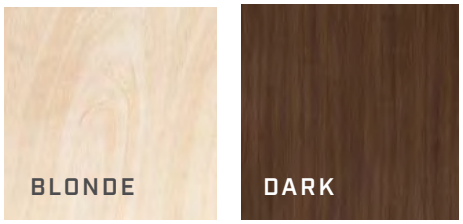

COLORS

Yabby is constructed from the highest quality polythylene terephthalate or P.E.T. An ideal material for reducing ambient noise and sound within noisy environments.

Yabby is available with a light or dark wood base. A wood color selection must be made when ordering.

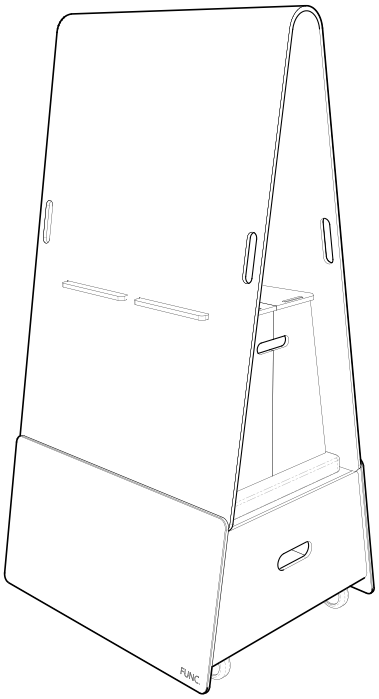

WOOD FINISHES

MARKER BOARDS

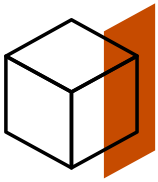

Equipped and ready for your creative ideas. Markable/erasable surface on each side and an acoustic surface on the opposite side for noise reduction. Removable marker easel allows the base to become a mobile benching surface for temporary seating and team interaction so you can park it when you need to. Fully integrated storage for markers and erasers. Two large drawers for increased functional utility. Wherever you go to work or create, Yabby's got you.

CLEANING & DISINFECTING

They say cleanliness is next to godliness. We understand the need to feel safe and secure within a crowded environment. That's why FUNC endorses cleaning practices that protect our customers. Vacuum or use compressed air to remove dust that may collect over time. The use of a diluted bleach solution (one cup of bleach to five gallons of water) may be used to clean the felt surfaces of FUNC. Our solutions are not only visually compelling, they are also incredibly durable.
