DESCRIPTION	The Cooee Mini Presentation Walls is exactly what it says, it's a smaller Cooee Presentation Wall. With one large erasable and magnetic surface on each side, it's perfect for smaller areas where one whiteboard isn't quite enough. Despite its size, it has the same lightweight internal frame, solid steel base and lockable wheels as the other mobile walls, so it's still strong, stable, and manoeuvrable. It also uses the same sound absorbing PET and a noise blocking membrane to achieve superior noise reduction. Available in 24 PET colors, 4 timber prints and 10 eye-popping powder coats, its perfect for idea generators who have a little less space. Manufactured locally, the Cooee Mini Presentation Wall ships quickly, comes flat packed and is simple to assemble. Once in place it's easily disinfected with bleach and water.
