## Description

Cooee Spaces Corner is designed for flow and flexibility—seamlessly joining walls at 90-degree angles to support L-shaped, U-shaped, or enclosed configurations. Whether you're defining zones for focus, collaboration, or quiet retreat, the Corner brings structure to modular layouts without compromising openness or continuity.

Built with the same ultra-lightweight core, powder-coated proprietary aluminium extrusion, and acoustic PET finish as the main walls, the Corner ensures visual and material cohesion throughout the system. It's a simple yet essential component that enables confident planning and dynamic reconfiguration in evolving spaces.

Like the rest of the 'Cooee Spaces collection', it's available in a selection of powder coat finishes to coordinate with your chosen wall system and project palette.
