

FourC®

Task Seating

healthy comfort and sculpted style

Furnishing Knowledge®

Backrest height adjusts for the desired back support via locking levers.

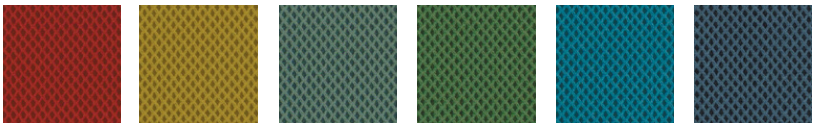

Discreet adjustment lever positioning reinforces the minimalist design.

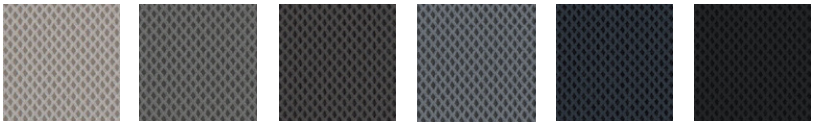

Adjustable arms support forearms - available in 2D (height and width) and 4D (height, width, depth and pivot).

Color Options

Twelve standard mesh colors add energy and personality to FourC seating. Complement the back mesh with a wide variety of seat upholstery options from Pallas Textiles, KI ingrades or COM. Choose from Cool Grey or Black backrest, arm uprights, base and casters. Create your own virtual spec with our See It Spec It visualization program at **ki.com/seeitspecit**.

Candy | Parakeet | Sage | Jungle | Pool | River

FourC® Task Seating

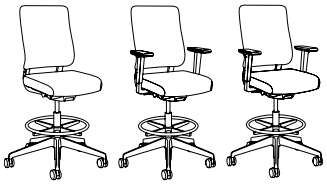

FourC seating provides a "healthy" sit with optimal comfort, personalized support and intuitive adjustments. Its ergonomic design promotes circulation, which increases energy and improves productivity.

Equipped with seat height, seat depth, back height and lumbar adjustments, FourC is designed to exceed the requirements set by the Human Factors and Ergonomics society (HFES). Arm options include adjustable 2D and 4D arms or armless. Standard, low-height and stool height cylinders are available.
