Strive® Task Chairs with Comfort Tilt Seat

Enhanced comfort in a simple-function chair

Strive designed by Giancarlo Piretti

Comfort Tilt Seat Option - tilts forward/backward 11 degrees.

Additional Movement- Strive task chair provides simple functions and movement for essential comfort.

- seat height adjusts in a 5-inch range
- seat swivels 360 degrees (turns in any direction)

Adaptable - When simple is all you need, Strive task with comfort tilt provides subtle support that is truly responsive.

Small Scale - Strive task chair's scale complements smaller spaces and makes it ideal for a variety of applications.
