

INDUSTRIAL SPACES

A Modern Approach to the Manufacturing Workplace

DESIGN FOR GROWTH

At KI, we have an intimate understanding of the challenges manufacturers face – running lean, advancing automation and dealing with an ever-changing supply chain – just to name a few. Maximizing the effectiveness of the production process and ensuring a smooth workflow is contingent on one thing – people.

As a leading furniture manufacturer, we know firsthand how to design a workplace that serves personnel both on the factory floor as well as in the office. With employee recruitment and retention in mind, there is an expectation that modern industrial spaces address the well-being of the workforce. We know how to do that.

Well-designed, flexible environments connect manufacturing and office employees, encouraging collaboration and communication. Layout and design can greatly impact employee morale and job satisfaction not to mention workplace culture and innovation.

We can help you furnish your space accordingly by sharing our decades of experience as a manufacturer as well as a preferred vendor for other industrial clients. Our expansive portfolio supports work styles throughout your facility and within your budget.

In addition to the convenience of working with a single manufacturer, we also provide the following:

- Workplace survey and assessment
- Design and space planning resources, including floor plan drawings and full-color renderings
- High-quality, durable furniture backed by an industry-best warranty
- Procurement options -- you select how you want to fulfill your order from KI
- Turnkey installation services

APPLICATIONS & SPACES

PRIVATE OFFICES & OPEN WORKSTATIONS

Industrial spaces are not all manufacturing line. Administrative spaces are key for many responsibilities from human resources to scheduling. KI provides a wide range of architectural wall systems, desking, casegoods, task seating, guest seating and storage to meet the needs for every level of privacy and a variety of tasks.

TOGGLE TABLES | CONNECTION ZONE STORAGE

UNITE SYSTEM | STRIVE CHAIRS

CONNECTION ZONE BENCHING & STORAGE | RUCKUS TASK CHAIRS

GENIUS WALL | GRAZIE TASK CHAIR

TRELLIS POWER SYSTEM

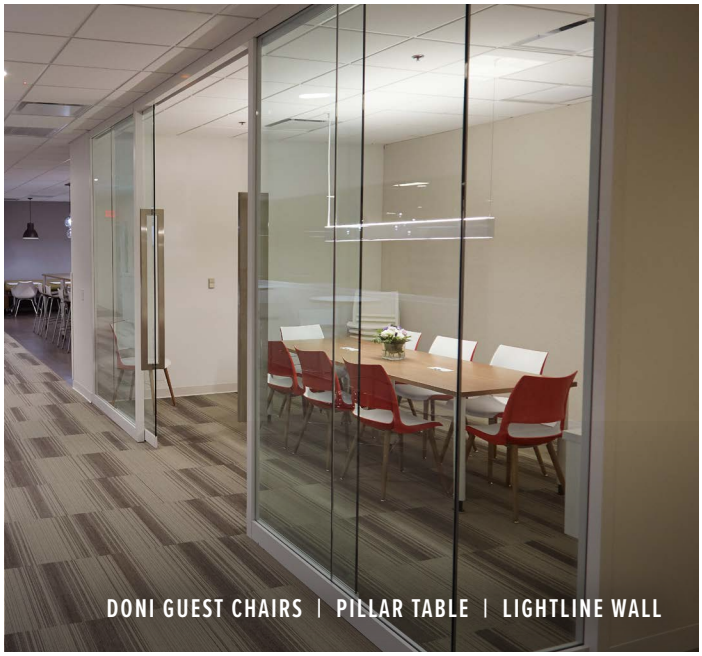

DIEM TASK CHAIR | TOGGLE TABLE

CONFERENCE & TRAINING ROOMS

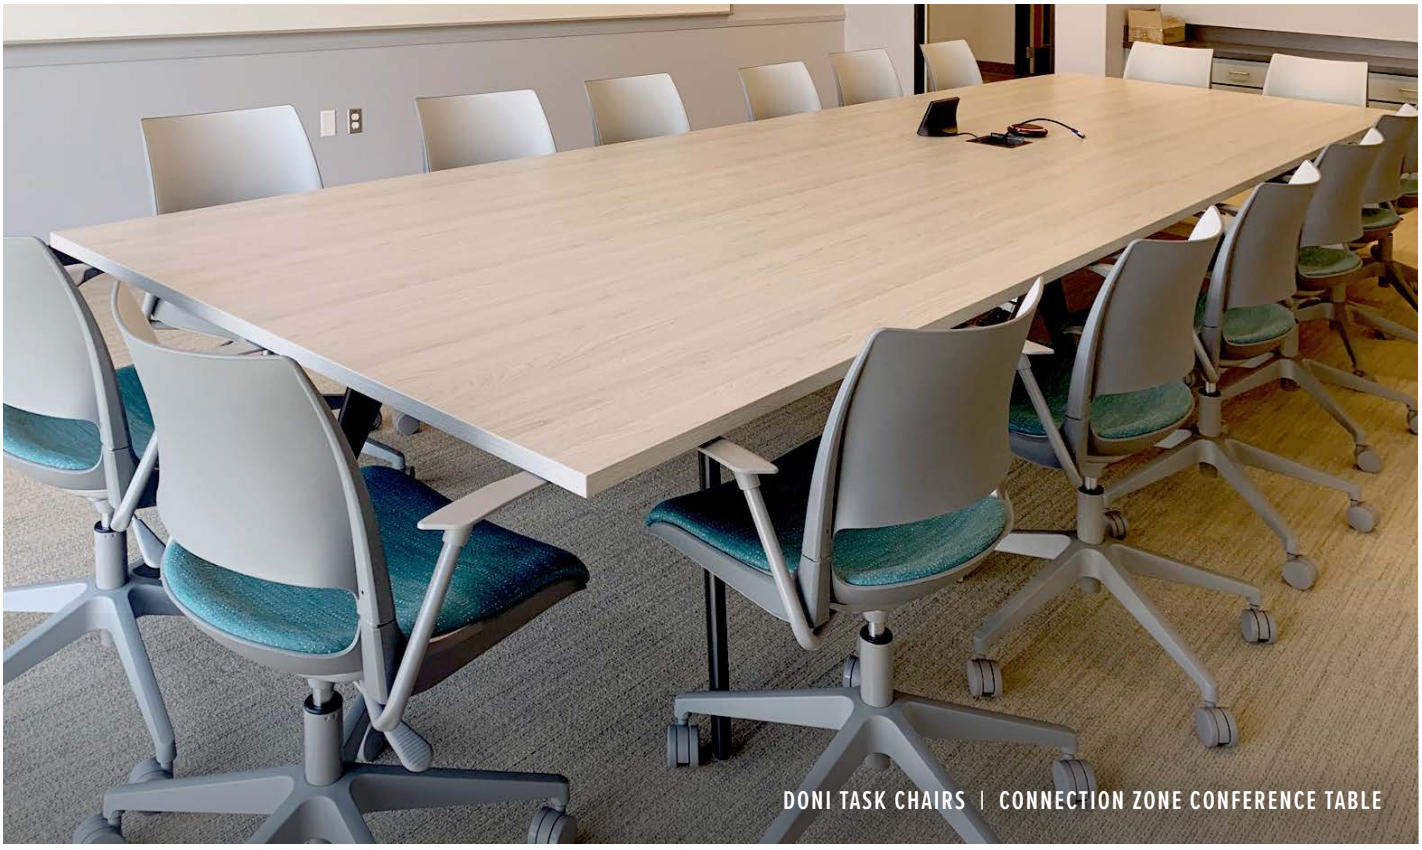

Safety training, vendor meetings and team huddles can all benefit from dedicated conference and training rooms. KI has a wide range of tables and chairs to outfit any space. Mobile and nesting options make rooms truly multipurpose, if desired.

BACKBONE MEDIA PLATFORM | TORSION AIR NESTING CHAIRS

DONI GUEST CHAIRS | PILLAR TABLE | LIGHTLINE WALL

DONI TASK CHAIRS | CONNECTION ZONE CONFERENCE TABLE

DONI TASK CHAIRS | CONNECTION ZONE BENCHING

LIMELITE CHAIRS

DONI CHAIRS | PIROUETTE TABLES

CAFÉ & BREAK ROOMS

A nutritious lunch or snack are a must-have for any employee to stay energized throughout their shift. Booths add privacy, bar-height tables and stools provide a casual gathering and a mix of tables, chairs and lounge pieces offer enough space to eat or relax before heading back to the floor.

KATERA CHAIRS | ATHENS TABLES

TATTOO SLIM SEATING, TABLES & SCREENS

APPLY CHAIRS & STOOLS | PIROUETTE TABLES

DONI CHAIRS & STOOLS | ATHENS TABLES | HUB LOUNGE

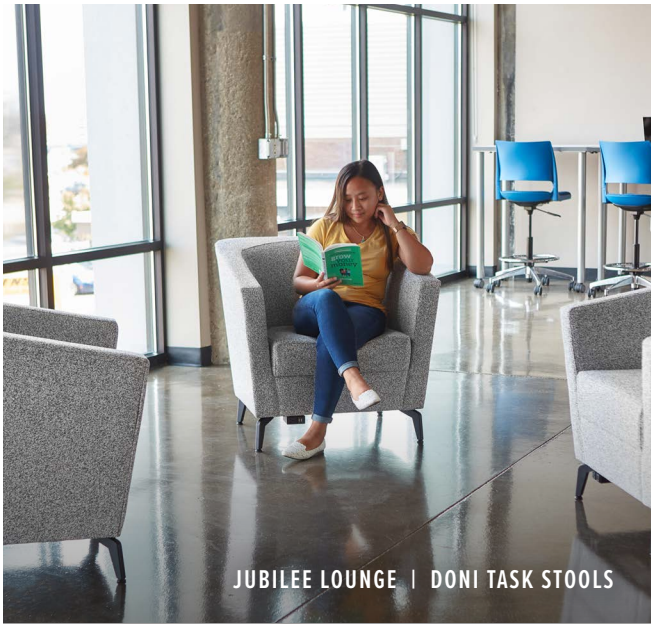

STRIVE STOOLS | PILLAR TABLES

GRAZIE STOOLS | CONNECTION ZONE BENCHING

LOBBY & LOUNGE SPACES

With employment candidates, vendors and partners coming and going, a welcoming reception and lobby area can make a good first impression. It is also important to have lounge spaces where employees can recharge or have impromptu casual meetings. KI has a strong portfolio of lobby and lounge furniture to support the rigorous manufacturing environment. Specifying in company colors can help represent shared values and identity.

JUBILEE LOUNGE | DONI TASK STOOLS

CALIDA GUEST CHAIRS | MYPLACE LOUNGE

UNITE SYSTEM | ARISTOTLE CASEGOODS | GENIUS WALL

SWAY LOUNGE

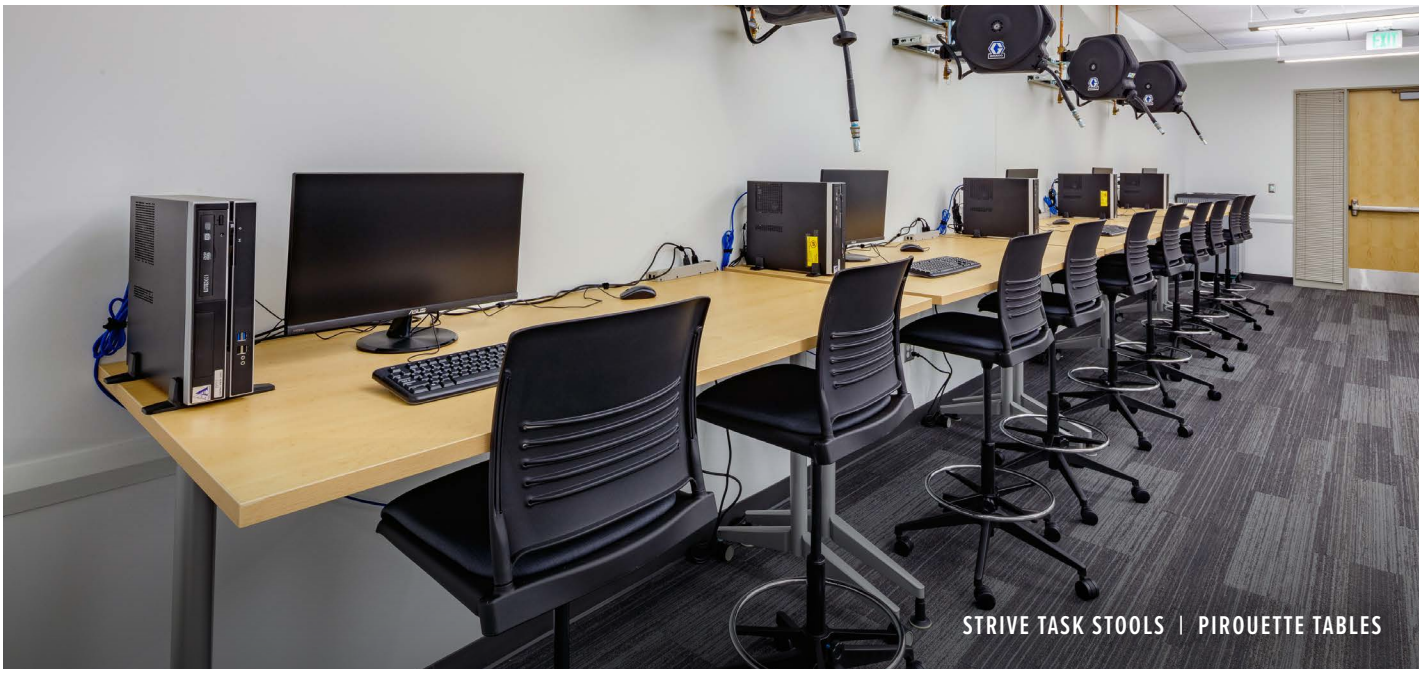

SELA LOUNGE | SWAY LOUNGE

DONI STOOLS | ATHENS TABLE

ADDITIONAL AREAS:
ASSEMBLY, SHOP, LABORATORIES, SHIPPING/RECEIVING

There are a variety of workspaces needed throughout the factory floor. KI has a robust portfolio of durable and comfortable solutions from height-adjustable and industrial tables to ergonomic task chairs and stools.

STRIVE TASK STOOLS | PIROUETTE TABLES

STOUT TABLE

INTANDEM POWER TABLES | GRAZIE CHAIR

BARRON TABLES | STRIVE TASK STOOLS

WAREHOUSE STORAGE

Convenient access to materials in storage is critical for maintaining an effective workflow and accurate inventory. Using high-density, flexible storage solutions ensures the configuration of your factory floor is efficient and economical. **Spacesaver**, a KI subsidiary, manufactures, distributes and installs metal shelving, racking, mobile storage and custom storage for a wide variety of warehouse users. Spacesaver also has a variety of locker options designed to provide a secure space for employees to store personal belongings.

ARCHITECTUAL WALLS AND PODS

Flexible space is a definite advantage for manufacturing and something the KI portfolio covers with its architectural walls and pods. Offered in a variety of finish options and configurations, walls and pods can provide offices, conference and training rooms where needed – from the corporate office to the middle of the factory floor. All products offer industry-leading installation time, minimal construction on site, and visual and acoustical privacy where desired.

EVOKE®

Evoke is a breakthrough alternative to drywall that challenges traditional construction and design paradigms.

GENIUS®

Genius walls create beautiful and highly functional spaces that promote efficiency and productivity.

LIGHTLINE®

Lightline offers stunning storefront applications with a timeless beauty that creates visual unification between architecture and furniture.

WIGGLEROOM® SUPERSTRUCTURE

This dynamic post-and-beam system makes it easy to create multi-sized freestanding spaces within open plan environments. Super Structure is an exceptional solution for interior architecture without permanent connections. It can stand independent of HVAC and fire abatement systems or work with existing infrastructure.

WIGGLEROOM® PODS

These single-person pods create a perfect space for focused work, phone calls or video conferencing. The pods also serve as a respite area should an employee need some quiet time off a noisy factory floor.

ABOUT KI

OUR VALUES: GETTING TO KNOW US

From our humble beginning in 1941 as a manufacturer of simple metal furniture, KI has evolved into one of the world's most respected brands in the contract furniture industry. KI is known as a prominent designer and manufacturer of innovative furniture and architectural wall systems in businesses nationwide. Privately held and employee-owned, KI deploys people and investments where our customers need them most— thought leadership, research, design, technology, distribution and support services. This alignment is consistent with the KI brand promise to provide "Trusted Expertise" during every phase of the customer experience.

OUR "MARKET OF ONE" PHILOSOPHY

So, what makes KI truly different from its competitors? Its "Market of One" approach. While many of our competitors embrace a "one-size-fits-all" business model, KI listens to clients and responds with exact product solutions that meet very specific needs, whether it is for one unit or one thousand units.

OUR ATTENTION TO DETAIL

We recognize that any process is only as strong as its weakest link. That is why KI's Trusted Expertise is not just apparent during the engagement and design phases. It also extends through the all-important "back end" operational phases of the customer relationship. Here, our customers are connected with a dedicated support team whose sole focus is to oversee deliveries, installation, service, finance and other critical support functions.

OUR CUSTOMER SATISFACTION

KI takes a personal view on how our customers see us. Because we are an employee-owned company, everyone at KI is a stakeholder. We know that every interaction, every product and service experience and every post-sale issue is indeed very personal to our clients. Ultimately, your success determines our success.

INFINITY
FROM KI

DIFFERENTIATING SOLUTIONS UNIQUE TO **YOU**

Your spaces and environments speak volumes not just about what you do, but who you are. Infinity From KI™ can help you make impressive statements in limitless ways.

We can help create a custom solution by modifying an existing product or co-creating a solution specific to your space and brand. Our design and manufacturing teams are uniquely equipped to bring your design vision to life. Together, the opportunities and possibilities are endless.

And it simply starts with an idea.

At Owens Corning, an industrial manufacturer based in Toledo, Ohio, their corporate building featured unique architecture where typical panel systems would not work. Through Infinity From KI, we found a way to solve that challenge by co-creating workstations that perfectly suited their needs.
