GROUPE LACASSE

Healthcare Furniture Solutions

APPLICATION:
Medical Equipment Rail

EXPERIENCE THE CARE

Healthcare Furniture Solutions

Healthcare facilities frequently change infection control devices in patient care areas. The use of universal rails and adapters from Groupe Lacasse Healthcare Furniture Solutions make these changes quick and simple.

The Groupe Lacasse Healthcare Furniture Solutions medical equipment rail allows you to bring infection control devices anywhere they are needed. Whether on a wall, by the sink or on a mobile supply cart, proper practice is now possible without compromise.

CONVENIENT
Attach any device anywhere.

EXPANDABLE
Add other accessories to the rail to further support efficient clinical practices.

VERSATILE
Technology changes. Rails can adapt to all new devices.

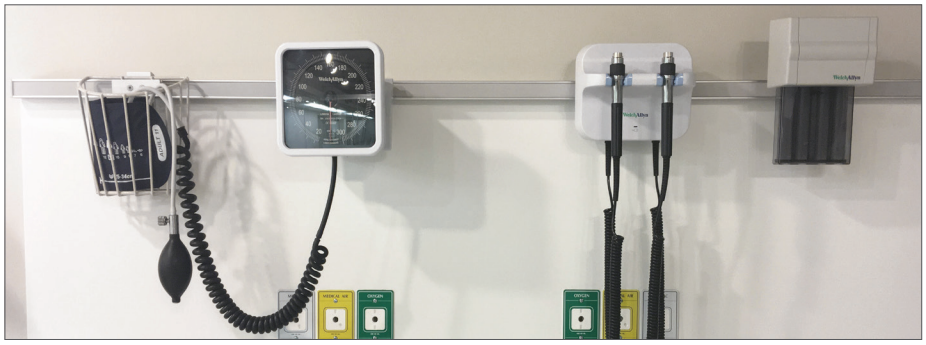

COST-EFFECTIVE
Eliminate wall repairs due to equipment changes. Swap broken devices easily without patching.

HYGIENIC
Easily remove devices for cleaning.

EFFICIENT
Reduce installation time and cost when installing a new device. Mount any brand of dispenser or device on the rail.

Relocate devices as needed by staff.

Never again patch holes in your walls by using Groupe Lacasse Healthcare Furniture Solutions medical equipment rails and adapters for your infection control devices.
