FOR IMMEDIATE RELEASE – St. Pie - October 2, 2007

QUORUM MULTICONFERENCE™ Wins Bronze at IIDEX/NeoCon Canada!

For the first time, the ARIDO Awards of Excellence and IDC Innovation Awards were held in tandem, bringing together Ontario's leading interior designers, architects, suppliers and manufacturers. At this important awards ceremony that took place during the IIDEX/NeoCon Canada show in Toronto (Sept. 27-28), Groupe Lacasse was presented with a **Bronze award for the QUORUM MULTICONFERENCE™ Collection!**

The IDC (Interior Designers of Canada) Innovation Awards celebrates both **excellence in design and product innovation**, with winning entries successfully meeting extensive criteria including quality of product design, problem solving, environmental responsiveness and marketing objectives.

The QUORUM MULTICONFERENCE™ table collection has been met with enthusiastic response by the A+D community and Groupe Lacasse customers since its launch in April 2007.
