DESIGNED TO LEAD

LACASSE

A GROUPE LACASSE BRAND

DESIGNED TO LEAD

NEX embodies modern executive design with its bold asymmetry, dynamic volumes, and striking architectural aesthetic. Crafted with premium materials and a meticulous attention to functionality, NEX is more than furniture - it’s a statement of leadership.

LEADERSHIP MEETS ADAPTABILITY

NEX height-adjustable desks, including our striking new waterfall design, integrate seamlessly into executive spaces, offering ergonomic support without compromising style.

Lead with distinction. Work with distinction.

SCALABLE ARCHITECTURE

The innovative NEX collection is distinctive because of its flexible modular architecture that lets you combine various surfaces, storage units and accessories to create an arrangement that's perfectly suited to your needs.

Because the difference is in the details, every aspect of the collection's architecture is well thought-out, from glossy front finishes to stylish aluminum handles.

DYNAMIC SPACES

Need to maximize teamwork and communication? Set up common areas with NEX collection benches, occasional tables and media panels for flat screens. You'll love the clean lines and modern, urban design.
