NICER FOR THE ENVIRONMENT

It's our corporate responsibility to contribute to the preservation of natural resources and to ensure that our operations have the least possible impact on the environment. We choose suppliers who support our efforts to reduce deforestation. The majority of our products are manufactured from particleboard made from 100% post-industrial recycled materials. We recover the cuttings from all our activities and even sawdust for power cogeneration. What's more, we sort and recycle plastic, steel and aluminum.

Our Saint-Pie, QC facilities are certified ISO 9001 and ISO 14 001.

We're proud to say that all Lacasse products are GREENGUARD® Gold certified. Which means that North Americans can be sure that these products will not affect the air quality of their working environments. And other groups, like architects, designers and specifiers who use Lacasse products can benefit from their GREENGUARD® certification to earn points towards meeting LEED® standards.

Lacasse products have achieved GREENGUARD GOLD Certification.

GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit ul.com/gg.

ENVIRONMENTAL TOOLS

A variety of informative tools which detail how Groupe Lacasse products help support green initiatives are available. All documents are routinely updated and placed on the Groupe Lacasse website in the **Environment** section. Please check this page regularly for the most up-to-date documents.

Available documents: the corporate **Sustainability Policy**, how our products support **LEED Credits** (these documents include information on the percentage of recycled material in each product) and a listing of Groupe Lacasse products that are **GREENGUARD Certified**.

GREENGUARD CERTIFICATES

The GREENGUARD certificates can be uploaded from www.groupelacasse.com by clicking on the **Documents** tab of the certified collections/product pages.

SURFACES

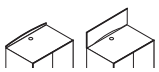

Order a LGC-BAR for all surfaces wider than 60" not supported by a pedestal or other storage unit, refer to page 42. Required assembly hardware for panel (PNNN-SB) sold separately, refer to page 103 of the February 2015 Lacasse Price Book. Shapes and sizes of the modular surfaces coordinate with those of freestanding furniture. Use tubular legs (with or without casters), storage units, lateral files, etc. as supports.
