STUNNING OFFICE CHAIRS

The Veneto executive chairs will make any office space feel upscale with its simplicity and modern design. The discreet under-seat controls make it simple to use, letting you adjust your seating easily and comfortably. Veneto features a 2:1 synchro tilt mechanism which allows you to keep your feet securely on the ground as you recline. An adjustable seat slider allows the user to adjust the seat to the perfect depth for full body support. These chairs feature a 3-Position locking recline & tension control and have a molded seat cushion and back frame for added support. These stunning, modern chairs will supply great comfort and help modernize your office.
