ELEVATED LEVELS OF COMFORT

Not having enough seating alternatives for visitors or customers can appear very unprofessional. That is where this nesting chair from OfficeSource® comes into play. This nesting chair has a convenient folding feature, allowing you to keep it in an office storage area if needed. This nesting chair is exciting, with optional arms and an optional tablet arm. In addition to its nesting features, this chair comes with an 19 inch seat for your comfort. It also has a flex back for elevated levels of comfort. To make the aesthetics of this chair more appealing, the upholstery, available in your choice of four colors, is accompanied by a black frame. There are casters attached to the base for ease of mobility. In short, this nesting chair can certainly be a great addition to your existing office furniture.
