Product Specs:

- *Overall: 12"W x 12"D x 48"H*
- *Carton: 5¼"L x 4½"W x 10"H*
- *UPS-able*

SKU: **OSAHSKIT**
List Price: $499.00

Individual Components:

(1) EXTERIOR CASING

(1) DRIP TRAY
(With (4) Short Screws & (2) Long Screws)

(3) METAL CONNECTOR POLES

(1) SQUARED METAL BASE

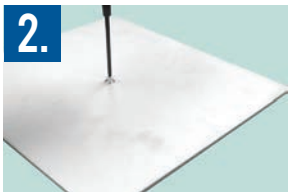

(1) 1,000ML FILL RESERVOIR

Assembly Instructions:

Please Note: *This Unit Requires (4) "C" Batteries to operate, not included.*

1. Gather the three Metal Connector Poles and gently twist the screwed ends into the main middle pole that has no screws on either side of it. Twist until they are screwed into place and are tight.

2. Assemble the Squared Metal Based onto the bottom pole using (1) Long Screw and a Philips screwdriver.

3. Fasten the Drip Tray onto the top metal pole using (1) Long Screw and a Philips screwdriver. **Note:** It is not necessary to have Sanitizer Casing Unit on the Drop Tray prior.

4. Hold the Sanitizer Unit Casing in place and thread the screws through the aligned holes from stand to casing. Thread the nut onto the screw from the inside, and then from the outside tighten screw while holding the nut steady.

5. Pinch the two handles on each side of the reservoir fill while gently pushing into place inside of the Sanitizer Unit Casing. Fill reservoir with your favorite hand sanitizer solution (not included).
