LeanTo

Work tablet

Ganging double work tablet

Ganging shelf

Seek shelter from the norm

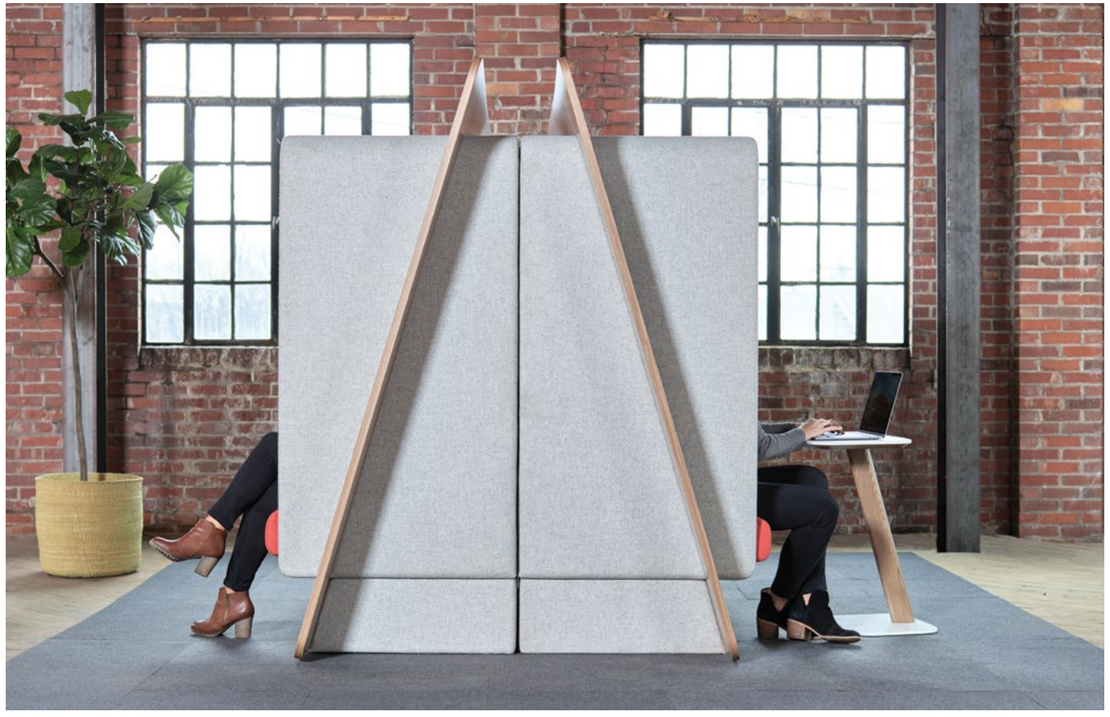

Every building has those spaces that people are drawn to for escape. Some are intentional through architecture, while others are more natural and based on flow and activity or the lack of it. Nooks, alcoves, corridors, and stairs often present an escape and that's exactly what LeanTo is designed to achieve.

It’s like it was always there

Outfitted to feel like it was built into your space, LeanTo solves for our needs to take back our own attention or to give full attention to others. Similar to individuals, small groups need to escape as well as align and set pace.

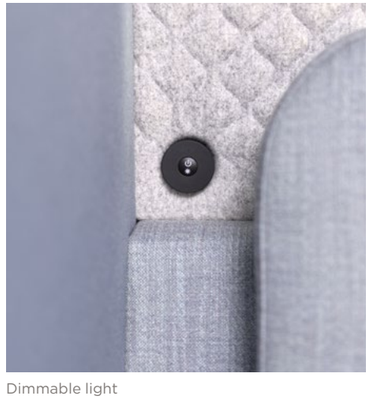

Power

Dimmable light

Markerboard back panel

Thought starters

Webb Associates

In 1989, after decades working in furniture design, Roger Webb founded Webb Associates a design consultancy based in London. Today, Roger still leads the firm, but now is joined by fellow designers David Lancaster and Tony DaCosta.

Webb Associates are known for their ergonomic expertise and carefully tailored design solutions. Our partnership with Roger and his team has produced some of our favorite product lines, such as LeanTo and Heya by OFS and Hug by Carolina.
