Amplify®

California born and bred

We’re a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we’ve been the go-to destination for comprehensive, build-to-order solutions for almost 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We’re able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It’s all part of our indie California spirit and drive to be the one place you go for any (and every) space.

With the base turned up. Way up.

Even in its standard configuration, Amplify is the kind of collection that grabs your attention (and captures your imagination). It outperforms other chairs in its class by boosting the base model and ensuring important features are always included. Durable, reliable and endlessly customizable, the extensive statement of line pushes sit-ability to new levels with a fusion of ergonomic curves and aerodynamic angles. Get what you want – and then some more – with Amplify.

Mids and highs in harmony

Finding the perfect balance of options only starts by choosing between midback or highback (and stool or large-and-tall). Customization also includes a wide variety of mesh and upholstery fabrics. With waterfall seat, integrated lumbar adjuster and enhanced synchro or swivel-tilt mechanism, comfort is standard on every model. Of course, you can reach for higher levels with a seat slider, stool option and a host of arm styles.

Retail Design Group, Long Beach, CA

Work with sound design

Amplify performs anywhere and everywhere – with unmatched reliability. Whether as a group or something more solo, you can assemble crowd-pleasing solutions designed for an array of industries with (enhanced) base features and sharp add-ons. It's a perfect, powerful mix of style and substance.

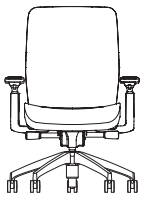

Centegra Hospital, Huntley, IL
