An eye on design

There's a specialness that flows through Ioniq. Its form and feeling are fluid – from the way the arms stretch seamlessly out of a sculpted shell to base options that are as varied and versatile as the spaces they occupy. Because when you desire aesthetics that can elevate any experience and offer something refreshingly different, there's only one go-to. And that's Ioniq.

Countless spaces. Singular design.

Ioniq reshapes what you should expect from a chair made for many applications. The one-of-a-kind design centers on a comfortable single-piece shell with integrated breathability, edge-to-edge cushion and full flowing arm rests. And when it comes to fashion versus function, why not have a bit of both? Being able to choose between a 4-leg, 4-star or 5-star base with casters means you can make Ioniq as high-design or high-performing as your space calls for.
