Aviera® Metal

IDEON®

High traffic. Low stress.

Designed for high-traffic areas, this sturdy collection of guest, hip, patient and bariatric chairs (plus multi-seating and tables) is ideal for entry, reception and waiting areas.

- **Frame is non-corrosive, non-combustible, non-shocking and seamless**
- **Sleek polyurethane arm caps available in fog, dark grey and black**
- **Arm caps feature rounded edges and corners for greater comfort**
- **Clean-out space for easy maintenance**
- **Arm design allows for easy ingress and egress**
- **Angled rear legs, back and wall-saver design create comfort while preventing damage to both chairs and walls**
- **Seat, back, inserts and polyurethane arm cap (wood frame only) are field-replaceable**
- **Steel reinforced aluminum frame/arms match the design of Aviera wood frame/arms**
- **Steel seat framework with metal-to-metal connections delivers superior durability and strength**

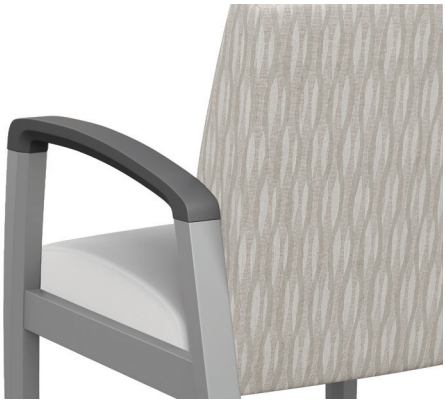

Aviera Metal has all of the advantages traditionally associated with IDEON: great design and great style all at a reasonable cost.
