The all-in-one solution

Focus®

SitOnIt • Seating®

Who we are

With the fastest lead time in the industry, SitOnIt Seating® offers high-quality seating that combines award-winning design with intelligent ergonomics. From healthcare to higher education, we've been the go-to destination for built-to-order seating since 1996.

Born and bred in California, all of our key collections are designed in-house and rigorously tested for quality control, strength and durability. We make customization easy—our user-friendly ChairBuilder® tool lets you design your dream chair with just a few clicks. With chairs, sofas and stools for every desk, space and environment, the possibilities are endless.

Discover premium seating solutions—at a fraction of the price.

Our build-to-order promise

Custom-designed chairs, no waiting. Our lean manufacturing operation means we can ship build-to-order chairs in just 2 days. That means we can build the chair you want—and deliver it when you want it—at a price no one else can match.

Fastest shipping in the industry

Choose from 2, 5 or 10-day shipping. We cut lead time, sync orders and avoid off-schedule shipments at a rate our competitors just can't match. From start to finish, we maximize efficiency in every single area—whether it's sourcing and logistics or assembly and production.

How comfortable can you get?

Meet the reigning champ of sit tests. Experience a chair so comfortable it hardly ever crosses your mind—from the moment you sit down until it's time to head home. Our best-selling seating solution works just about anywhere you need it thanks to subtle details like a wider back frame, fully integrated lumbar support and an extra-deep seat. Discover Focus® and see why it's been a customer favorite since day one.

TEXTILE: Slate Mesh (back), Maharam Medium Pool (seat)

TEXTILES (LEFT AND RIGHT): Sand Mesh (back), Knoll Textiles Journey Arcade (seat); Freeway Mesh (back), Momentum Infinity Rinse (seat); Black Mesh (back), Green Hides Lena Black (seat); Impress Mesh (back), Momentum Cover Cloth, Cyan (seat); Medium Cherry Wood (back), Knoll Textiles Hourglass Cork (seat); Electric Blue Mesh (back), Momentum Velocity Azure (seat)

Thoughtful design.
Smart support.

It’s all in the details. Our signature, dual curve frame takes its cues from modern, industrial design while also reinforcing key points of contact so your back is optimally supported throughout the day. A built-in lumbar system is crafted into every Focus® back to help promote correct posture.

TEXTILE: Black Mesh (back), Momentum Beeline Sprout (seat)

Need extra support? No problem. You can always add on an adjustable lumbar for more personalized support.

All grown up

With polished aluminum accents, a sleeker profile and an iconic back frame, our Focus® Executive takes private office seating to the next level. We added pivot arms for extra-personalized support and larger casters that move just a bit faster (so you can switch gears and multi-task like nobody's business).

TEXTILE: Black Mesh (back), Green Hides Lena White (seat)

TEXTILE: Impress Mesh (back), Maharam Rove Pomelo (seat)

Settle in. Get to work.

Discover comfort so remarkable it's actually unremarkable. As in, you can finally stop (re)adjusting your seat—and get some work done. We designed the extra-roomy seat cushion from molded foam and added an extra layer of thickness for a firm yet plush feel. The sloped, waterfall edge helps promote proper circulation so you can sit for longer periods. Productivity, here you come.

Mesh that does more

Talk about a mesh that's multi-talented. To maximize long-range comfort, we used a looser weave pattern for extra breathability. We also pre-dyed the strands before crafting the weave to help your mesh shades stay vibrant longer. This also means the dye stays on your chair—without bleeding onto your clothes (you're welcome).

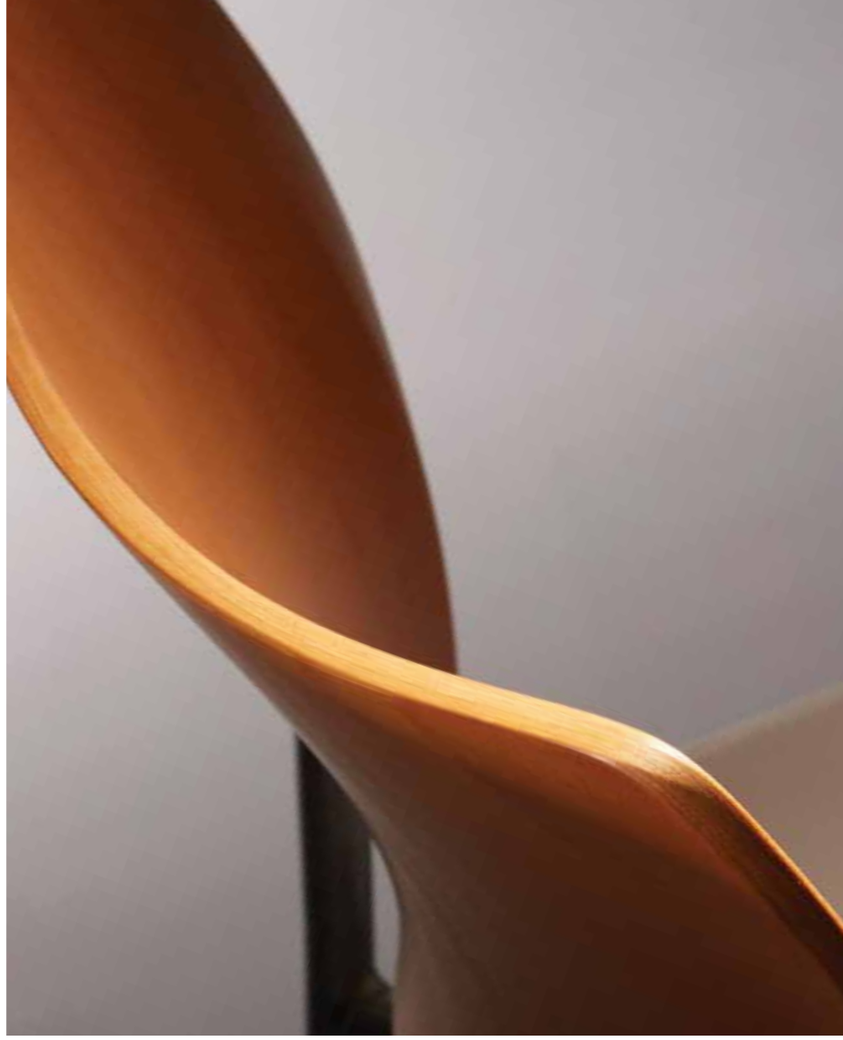

TEXTILE: Slate Mesh (back), Maharam Pick 005 (seat)

TEXTILE: Black Mesh (back), Momentum Dive Black (seat)

Sit. Stay a while.

The Focus® mulitpurpose seating collection is lightweight, comfortable and completely customizable. The popular mesh back option offers flexible suspension construction for dynamic lumbar support—without the bulk of heavy upholstery. Translation? It's easy to move in and around—whether you're fidgeting during a lecture or swinging around for an impromptu group think.

TEXTILES: Black Mesh (back), Designtex Rocket Flame (seat)

Use natural materials to add warmth to any setting. Our wood back model is crafted from thin strips of plywood using a special compression technique that eliminates the need for bolts. The result is a smooth arc that mimics the natural contours of the human back while maximizing both curvature and stability.

We’ve raised the bar

Get your office happy hour-ready. Choose from two different heights for cafeterias, breakrooms and common areas.

TEXTILES (LEFT AND RIGHT): Sand Mesh, Amplify Navy, Fog and Fire Mesh (back), Designtex Sarong Black Lotus (seat)

One for every room

Our complete Focus® line offers a customizable model for every room in the office—whether you need task stools for a collaborative work station or a more elevated solution for a private office.

TEXTILE: SitOnIt Collection Highland Fields

Options for days

From sportier striped mesh styles to hyper-adjustable arms, we've got a myriad of different ways to personalize your Focus®.

THE BACK

Height: Choose from mesh or upholstered in either midback or highback styles.*

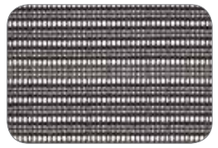

Mesh

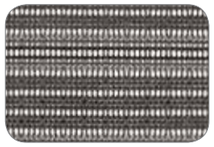

Upholstered Pad*

Mesh: All five meshes are stain-resistant and non-toxic.

Freeway**

Impress**
