Design Customization

Our revolutionary approach to design allows you to tailor each and every SitOnIt Seating Composium piece to your exacting needs. Whatever you visualize can be achieved. Start with a bench or ottoman and customize with one of 12 foot styles as well as a plethora of finish and textile options.

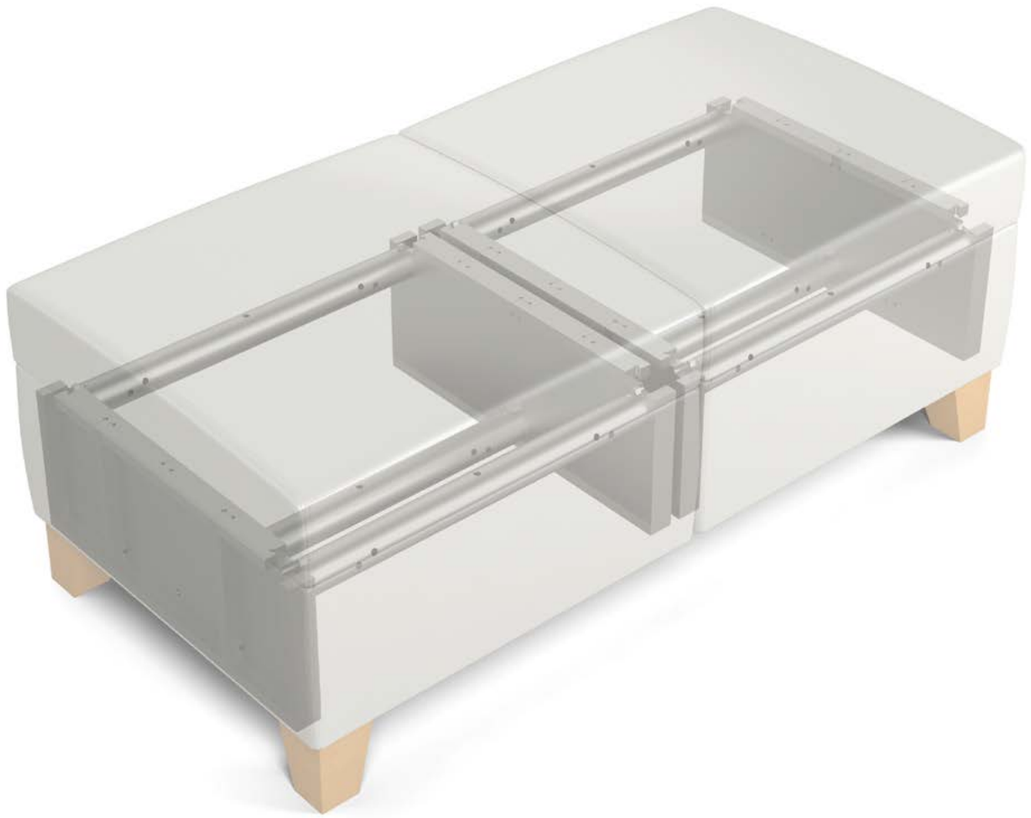

Designing your custom SitOnIt Seating furnishings is as easy as point-and click. Use our simple online design tool to visualize, choose options, view finishes and upholstery, get pricing, and create client presentations.

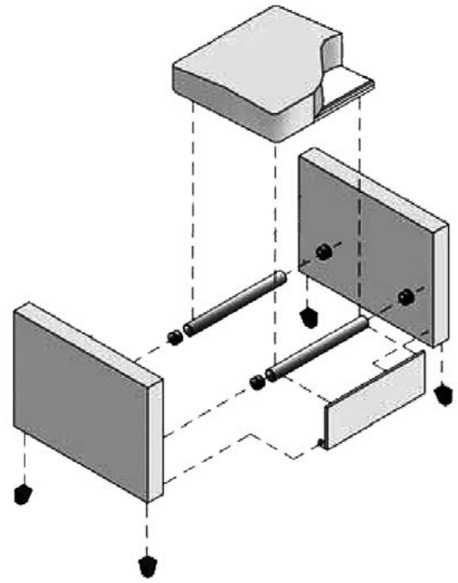

Corporate Lobby

Populate with benches or punctuate with ottomans. Either way the adaptable collection works well with Composium Flair, Sharp, Curve and Round models.

Construction

The unique SitOnIt Seating steel rail system creates a robust, durable understructure that withstands even the toughest environments. Each component is locked in place using multiple 5/16th grade 5 hex bolts through the rails. Extra strength monofilament webbing creates excellent resilience, while high density foam provides comfort and rebound in a low-profile cushion.

Hallways

Place one, two or three-seat benches along entry ways and lobby areas for a comfortable sit between sessions or a quick stop for those on-the-go.

Unmatched Pattern Matching

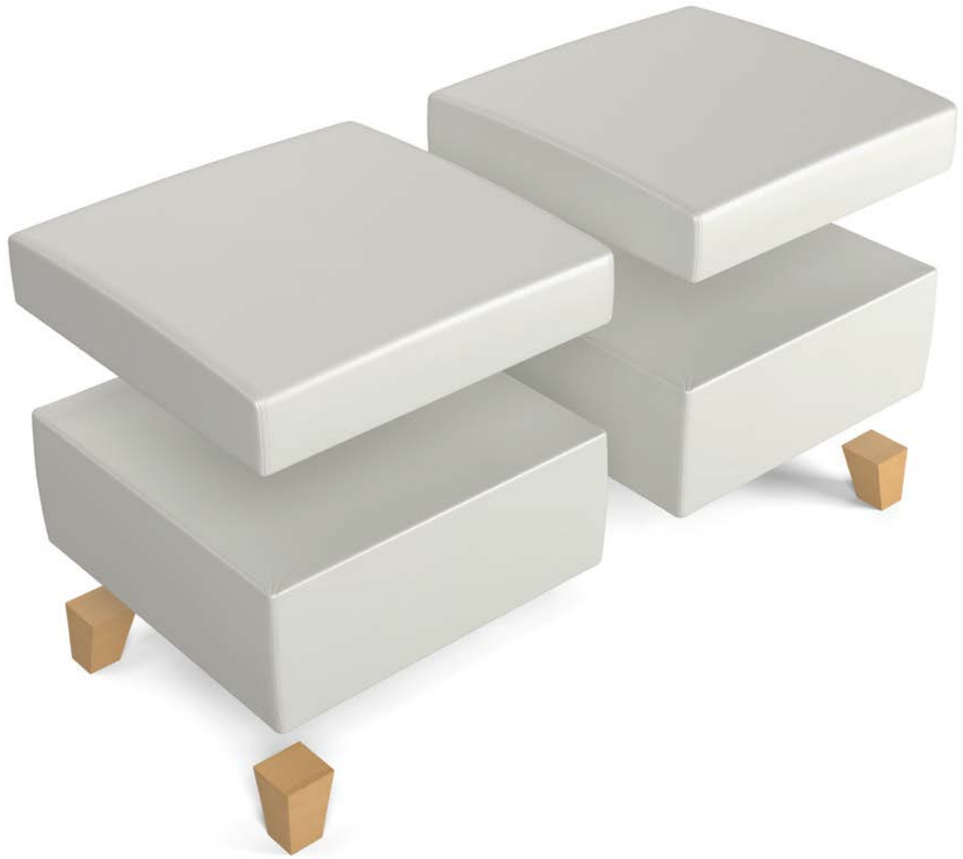

SitOnIt Seating is the industry leader in pattern matching. Our PatternMatch™ expertise links patterns to chair components for a unified look across the back, front, seat and valance. Fabric for the right and left arms are cut to be mirror images. With this technology, every chair is a perfect match. And the match can be replicated. Even years later, PatternMatch ensures the replacement perfectly matches the original.

Extended Life

SitOnIt Seating chairs are designed to extend their useful life with field replaceable components. It's easy to order replacement parts, and on-site maintenance staff can quickly disassemble and replace components to keep seating looking and feeling brand new.

Sustainability

The SitOnIt Seating Take Back Program is designed to minimize product waste and make environmental responsibility easy for our customers. We partnered with the nonprofit environmental organization ANEW to offer a return program that matches surplus seating with needy recipients or recycles it to avoid landfill.

Composium is GREENGUARD and GREENGUARD Gold certified to help improve indoor air quality and reduce exposure to harmful chemical emissions.
