FREELANCE®

Build for durability. Imagine the versatility.

The transitional design of Freelance side chairs and stools works well in lobby areas, multipurpose areas and offices. The comfortable, curved seat and structural integrity has made it a high demand, multipurpose chair. Three frame/arm finish combinations create variety. Add casters or arms for ultimate mobility and flexibility in training rooms and collaborative spaces. The Freelance collection is ideal for heavy duty and bariatric applications with generous widths and a weight capacity of 500 or 1,000 lb.
