Back

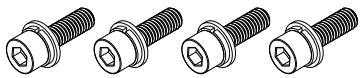

Seat With Attached Floating Synchro Mechanism

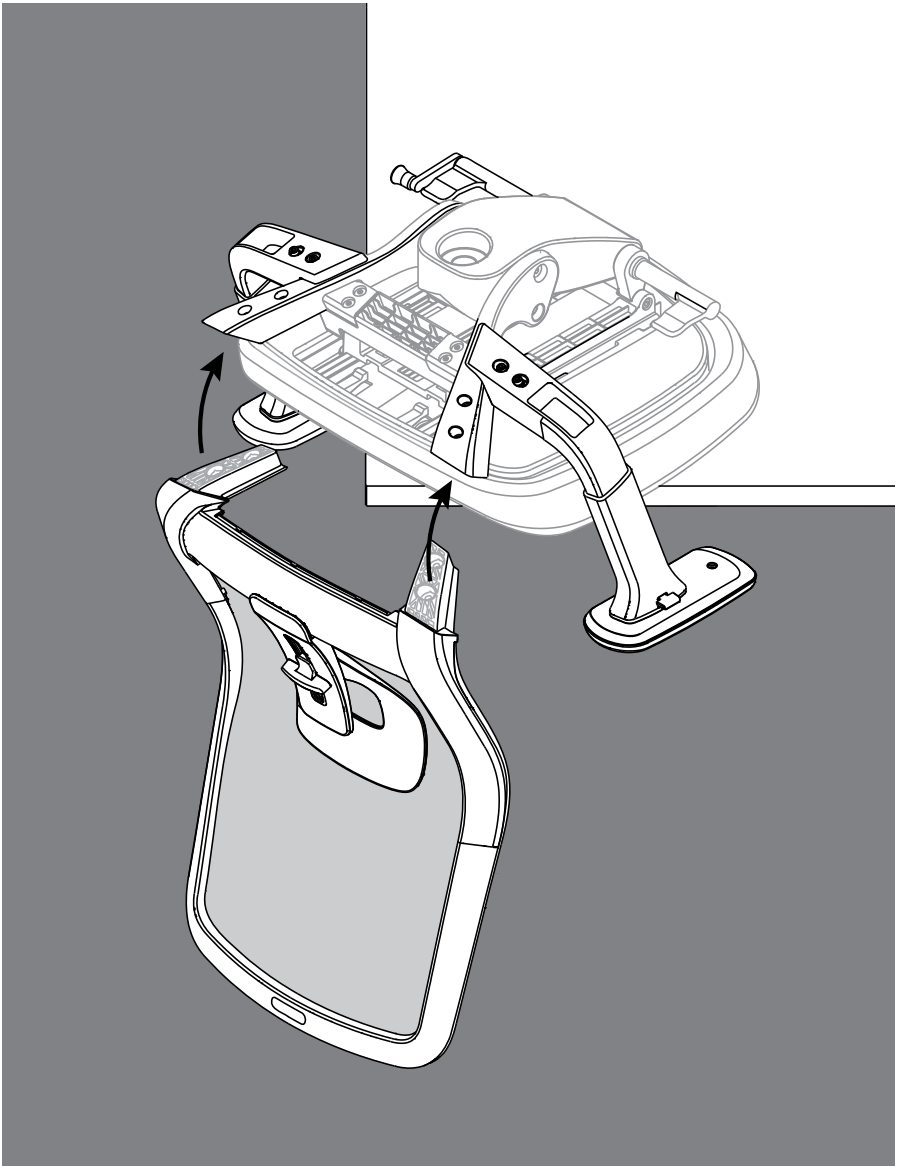

Base

HARDWARE

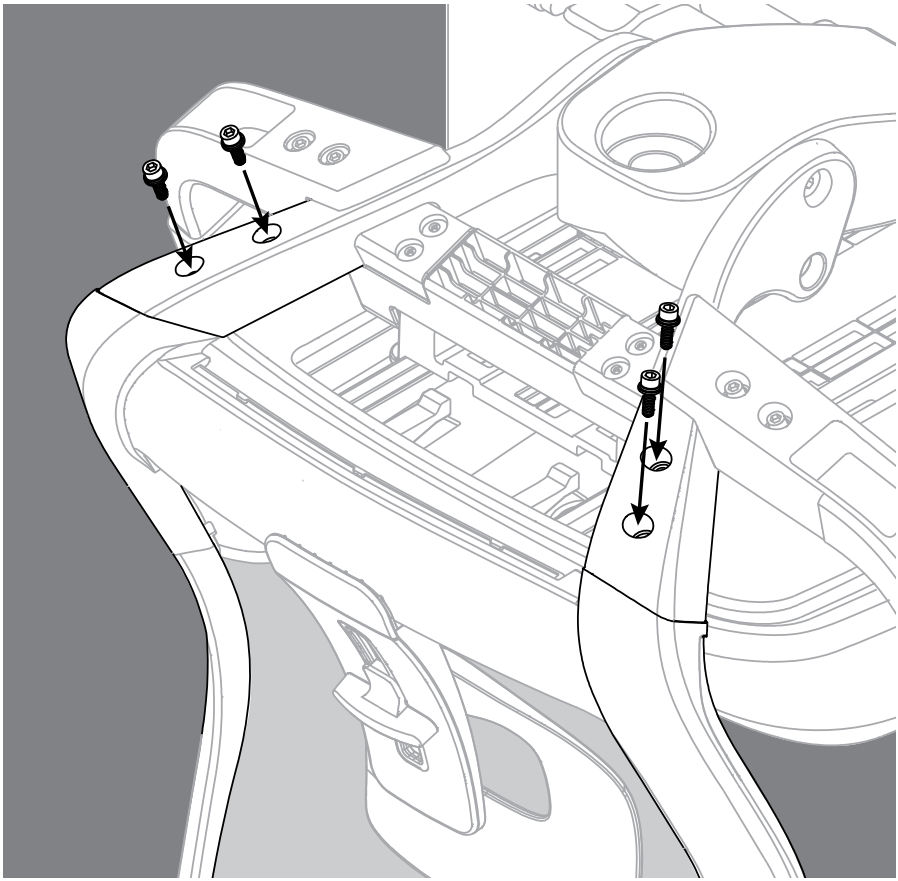

M6 × 25 mm Screws

Step 1: Place the seat assembly on a firm flat surface, before inserting the back into the seat assembly. You can use the box the chair shipped in or a table for this step.

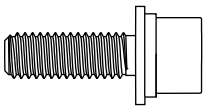

Step 2: Align the holes and attach the back to the seat assembly.

Continue to step 4 on page 6.

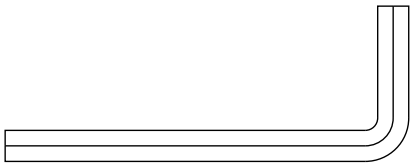

1:1 HARDWARE

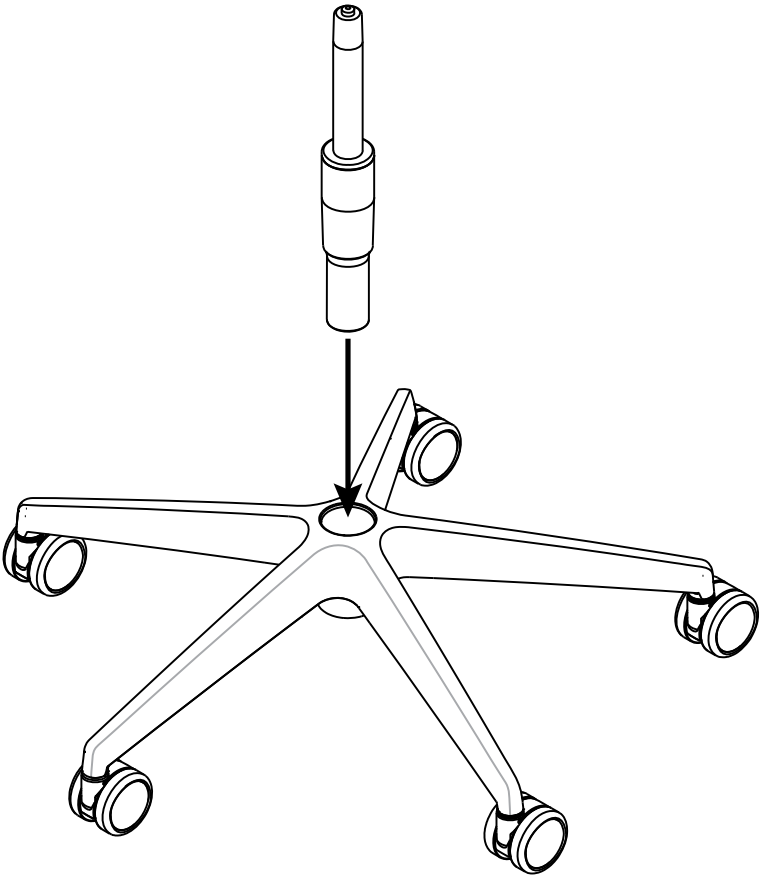

M6 × 25 mm Screw

TOOLS

5 mm Hex Key

Step 3: Push the cylinder into the center of the base.

Step 4: Align the mechanism with the cylinder and push until seated.

The cylinder is seated correctly when you can lift the chair and the cylinder stays attached to the mechanism.
