SitOnIt • Seating®

Discover our customer-first philosophy

RIGHT PRODUCT, RIGHT PRICE, RIGHT EXPERIENCE™

Being customer-first is in our DNA. We believe that from start to finish, it's about YOU — what you want, exactly how you want it, when you want it.

That's why all of our brands have been leading the industry in quality, lead time and value-driven pricing for the past 20 years. Because no one else can build the chair you want — and deliver it when you want it — at a price other brands just can't match.

Simply put, it's why dealers, designers and end users all call us the brand that's "super easy to work with."

HOW EXACTLY DO WE DO IT, YOU ASK? HERE'S HOW.

1. WE START WITH DESIGN THAT GETS YOU.
   Experience seating engineered around you. That means thoughtful design that's highly responsive, supremely comfortable and hyper-customizable — all at a fraction of the price.

2. WE'LL DELIVER IT FASTER THAN ANYONE ELSE.
   Our nimble size and lean manufacturing means we can cut lead time, sync orders and avoid off-schedule shipments like no one else. Translation? Build-to-order chairs in just two, five or 10 days.

3. WE'LL GIVE YOU WORLD-CLASS SERVICE FROM START TO FINISH.
   Voted "Best Customer Service" by the Office Furniture Dealer Alliance three times in the past five years, we design everything — whether it's lumbar support or customer support — with you in mind.
