NOVO:
Customizable comfort with distinctive contemporary style.

SitOnIt Seating created the Novo® collection to offer great design in a chair that is completely customizable – at an unbeatable price. From aesthetics to functionality, everything about the Novo chair is meant to be tailored to your needs.

Start with the sleek contemporary frame in white, black or fog. Choose midback or highback chairs or a midback stool. All are available in 12 breathable mesh colors that cover the spectrum from fun and bright to sophisticated and muted. Adjustable lumbar support comes standard in black, white or fog with 13 lumbar accent colors.

Continue your customization in armless, fixed, height adjustable or height/width adjustable arms plus a polished aluminum base and seat depth adjustment. Almost all options are part of the base price; and we keep our upcharges low.

With Novo, the configuration possibilities are endless. The only limit is your imagination.
