WILLOW DUAL-WIDE

STREAMLINED & INDEPENDENT

The Willow Dual-Wide is designed to support two lightweight monitors weighing from 1–14 pounds. The single mount design features two arms that move independently to enable users to share one screen while keeping the second private.

Willow Dual-Wide's streamlined design features a high performance spring and parallel link that keep monitors perfectly balanced while providing easy vertical adjustment.

Willow Dual-Wide is available with a C-Clamp or Grommet mount and comes with a 10 year warranty ensuring years of reliable performance and adjustability.

VESA quick release for easy installation.

Neatly manage cords under both arms.
